Our Inspiration

Late Smt. Clara Kaul was a person with a determined vision for the development of children by way of education. A renowned social worker, her lifelong sacrifices and yeomen service to whomever she came across were a clear reflection of her practiced values of honesty and respect for all.

Her prime focus was to provide basic education to the poor and more so to the children hailing from the fisher folk community in Versova. Her perseverance concretized into the establishment of **Children Welfare Centre High School**, followed by **Children Welfare Centre's Junior College of Commerce**, **Clara's Degree College of Commerce**, **Clara's College of Education** and **Children Welfare Centre Law college**.

Managing Trustee

At Clara's College of Education, we stress on developing proficiency, creating the educators of inspirational nature, with right attitude for their professional Career. - Ajay Kaul

Education is the integral element which sets the foundation of the individual characteristics and the society as whole. It is that element which bridges the gap across the oceans, enabling us to reach beyond the precincts of our realm.

Imparting quality education is more than teaching books and conducting lectures. It is more of a creation and must have systematic and innovative approach. Over last three decades, there have been phenomenal changes in the industries and the demand for professional talent has been increasingly growing in the market.

About Clara's College of Education

Clara's College of Education was established in the year 2009 in the memory of late Smt. Clara Kaul - an eminent educationist, who had a missionary zeal to take learning to every stratum of society. From the Principles Desk...

I feel so grateful to be a part of our great institution, Children Welfare Centre Clara's college of Education. The vision of the college speaks of the Institutional culture and the nature of the curriculum transacted. Student teachers are also involved in community work as a part of their B.Ed. program with the thrust.

We believe in making our students self-reliant knowledge producers and analytical in mind for greater insight into global problems. The college therefore has a strong infrastructure; the staff have developed a number of technological skills for the future development of the students. All the activities are based on learner centered principles. Clara's College of Education, attempt to equip students with the appropriate knowledge, competencies, habits, attitudes and values required to be good teachers and also good human beings.

The continuous, comprehensive and collaborative efforts of the Management, faculty, students, alumni and all other stakeholders have cultivated a culture that is full of contentment and belonging.

Co-Curricular Activities

Fieldtrips

To give students direct engagement and first-hand knowledge, the college arranges a variety of tours to the Nehru Science Centre.

Seminar / workshop

Our college organized a seminar on Artificial Intelligence to create awareness about emerging technologies and their impact on various industries. The seminar featured informative sessions on AI applications, machine learning, and future career opportunities, helping students gain valuable insights into the rapidly evolving field of technology. The event encouraged interactive learning, critical thinking, and innovation among students while enhancing their understanding of real-world advancements in Artificial Intelligence.

Community service

Our college organized a community service visit to Cheshire Home as part of its social responsibility initiative. During the visit, students interacted with the residents, participated in recreational activities, and assisted in creating a warm and encouraging environment. The program aimed to promote empathy, compassion, and community engagement among students while providing meaningful support and companionship to the residents. This initiative highlighted the importance of inclusive service and encouraged students to contribute positively to society.

Performing Arts

Performing arts enables one to create harmony within one's self. Numerous competitions are organized for the students during the course of the year
